

CAMP WAYNE

SPORTS SPECIALTY CAMPS

The Sports Specialty Camp Program at Wayne takes place on two different weeks during the summer. Campers must be entering 7th grade and above to participate in this optional program. During Sports Specialty Camp, campers attend regular activities until 3:30 p.m. and then participate in Specialty Camp for two hours before dinner and for one hour after dinner. The daily routine in Specialty Camp consists of conditioning, instruction, drills and competition. These programs are geared to campers with strong interest in particular areas.

In order for us to plan more efficiently, we ask campers to make their selections early so that we will have a general idea of interest. *Choices may be changed at camp.*

Name _____ Present Grade _____
